

ANDRII ZVORYGIN FOR MAYOR MayorOfOwenSound.ca

226-256-1632 | andrii@zvorygin.ca

Non-Partisan • Moderate

33 years in Ontario | 11 years in Owen Sound

Andrii Zvorygin is the only mayoral candidate with a fully costed plan for lower property taxes, affordable homes, safer neighbourhoods, a stronger downtown, and resident participation at City Hall.

Affordability

Residents face high taxes, rising rents, and the risk of losing their homes. Over the last twelve years, property taxes rose more than twice as fast as incomes, raising rents. **Andrii's 2027 draft budget is more than a quarter million below the 2026 budget** while improving services across Owen Sound. He will use complete financial records and resident ideas to find more savings. He designed a **warm resident-owned home** with financing around \$400 a month. He will allow affordable construction and, at Grey County, propose leasehold communities where families share a rural lot. A shared site could add about \$300, bringing a home **with land** to about **\$700 a month**.

Neighbourhood Safety

Residents want themselves and their belongings to feel safe, with clean streets. Each Local Area of **150 households** will have a **Local Representative**. Annual gatherings let **neighbours meet**, choose a representative, and **organize watches**, signs, cameras, cleanups, and **safer streets**. Representatives will meet councillors throughout the year.

Andrii's City transportation plan covers roads, sidewalks, and transit.

WE CAN DO THIS

Strong turnout decides who wins. To choose a new direction, residents need to vote in numbers large enough to outweigh support for the same *old council* policies: taxes rising faster than incomes, homes approved only for the wealthy, and residents ignored between elections.

We can vote in a New Mayor and Council for safer streets, lower taxes, homes people can afford, and residents as full partners in city decisions. Together, we can listen, cooperate, and act with courage so good ideas become practical work. Tape the sign on the back in your window, and help a friend vote.

VOTE ANDRII ZVORYGIN FOR MAYOR

The Mayor has one vote on Council, so choose candidates who will work together. Visit MayorOfOwenSound.ca and click "How to Vote" for candidate information. Your voting letter has your PIN, website, and phone number. If voting by phone (1-833-721-1791), in the mayoral race, enter 6 and the pound key to vote Andrii Zvorygin for Mayor.

About Andrii

Andrii serves his family and community, trusting that all is well and everyone has worth. He **runs two profitable businesses**: LiberIT helps people with computers; Lysis Forestry is a plant nursery farm supporting food security. He **serves as treasurer** for local groups, helping manage budgets. He attends and **participates in Owen Sound and Grey County Council**. He **meets federal and provincial officials** to advocate for residents. He regularly **meets with scientists and engineers** to help with education. Andrii is always open to residents' ideas and new evidence.

Homelessness and Downtown

People are losing homes faster than affordable homes are created. The plan uses a **vacant-home tax to return homes to use and put downward pressure on rent prices**. The draft budget funds **trained civilian follow-up with optional police backup and free mobile meals** for struggling seniors and people living unsheltered on the outskirts, **so police can focus on serious crimes** like theft and drug dealing. A Golden Broom award and shared cleanup equipment can improve public spaces. The City can **create local jobs** by buying locally and making more things here. Stable homes and voluntary rural recovery offer a way forward.

Transparency

Residents feel disconnected. Andrii created HelpOS.ca so residents can follow Council work. **Open Council** will give residents and councillors a **public mailing list for questions, ideas, and discussion** between meetings. **Residents can take part while decisions are being made**. City Hall will show full service costs, results, decision progress, and water billing transparency.
